Legion Notes

Committees meeting this week are the essay contest judges who will select the best essays submitted from each grade of the local grade school. The Memorial Day committee of Clarence Heisner and Donald Gatter will meet with the village board this week in an effort to make plans for the coming Memorial Day program.

To continue the information given last week concerning the importance of the American Legion in helping veterans: The personnel and size of the Service department has varied as to the needs based upon the number of veterans to be served and the changes of laws affecting veterans' rights. In 1941 the Service department consisted of 15 employees and the budget was \$37,110.00, and in 1949 consists of 33 full time employees and the budget is \$116,245.00. The personnel is divided between the headquarters at 343 S. Dearborn St., Chicago, the Claim's office in the regional office of the Veterans' Administration at 366 W. Adams street, and the six full time liaison officers assigned to Hines, Dwight, and Marion Veterans Administration hospitals. These 33 employees of the service department handled this year 42,500 claims for compensation or pension for WW I men, 253,292 claims for WW II veterans, 351,900 applications for training under Public 346 (GI) and 33,000 applications for training under Public Law 16. We also have approximately 12,000 in hospitals in this state and in the branch office there are 89,687 active death claims in which The American Legion has a direct interest. It must also be remembered that there are 99,281 veterans of WW I, WW II or peace-time, who are drawing monthly compensation awards which are constantly being reviewed or readjusted from month to month, and which require Legion representation where we have the power of attorney. Listed above are many of the services performed by The American Legion service department for the benefit of the veteran.

It was discovered by the teacher, Mrs. Gols of Mokena when she opened the school building the next morning and saw all the desks ransacked and papers and books strewn around the room. Mrs. Gols called for help and deputy Sheriffs Steve Helis, Jr., and William Agnich responded. They made an investigation which revealed stolen were, an electric clock, a table model Philco radio and several pen and pencil sets, and other writing equipment.

A few nights after the burglarizing of the school the Illinois Central station in Mokena was robbed and the foot prints at the station were the same foot prints found at the school.

FRANKFORT WOMAN DIES AFTER FALL

Mrs. Fell who was 86 years old, underwent surgery following the accident, and seemed to be doing fairly well. She was born in Mokena but lived in Frankfort for the past 45 years. Her husband Jacob Fell died 12 years ago. She is survived by a brother, John Hauck of New Lenox; two foster grandsons, Walter and Harold Cheney of Frankfort and several nieces and nephews.

Funeral services were held Saturday afternoon April 23 in St. Peter's Evangelical and Reformed church in Frankfort with Rev. Eric Bizer officiating. Burial was made in Pleasant Hill cemetery, Frankfort.

Tragedy struck Mokena again by way of an auto accident Tuesday afternoon which resulted in the death of Mrs. Fred Steinhagen, village treasurer and active worker in the Mokena Legion Auxiliary.

A number of women from the Immanuel Lutheran church at Mokena motored to Blue Island that afternoon to attend a luncheon in the Lutheran church in that city.

Mrs. August Long was the driver of one car, and with her were Mrs. Fred Hentsch, Mrs. Anna Werner, Mrs. W. A. Gode, Mrs. Henry Yunker and Mrs. Fred Steinhagen. The car was a 1947 Kaiser belonging to Irwin Hentsch, son of Mrs. Fred Hentsch.

They were returning home, driving west on 127th street and had just stopped at Cicero avenue crossing. Intending to turn south at this corner, after ascertaining the way was clear, Mrs. Long had just started to make the left turn when suddenly according to their report, a car coming at a high speed met them, hitting the Hentsch car in the center on the left side.

According to Mrs. Long, it appeared that the oncoming car swerved its direction of going straight ahead, to its right, probably aiming to get behind the Hentsch car, and thus striking it.

Mrs. Long was thrown on the pavement, and Mrs. Steinhagen, seated directly behind Mrs. Long, was thrown against the side of the car hitting her head with great force.

The car coming from the south was a Dodge sedan driven by William Greece and with him was the car owner Herbert Powell, both of Danville. They were taken to the hospital for treatment and later released by the police on bonds. It is stated they were on the way to the air port, where they went following their release.

They were all taken to St. Francis hospital in Blue Island by police ambulance where Mrs. Steinhagen died in a short time.

George Wannemacher, at Mokena, brother of Mrs. Hentsch, was notified and he called Rev. Gode husband of one of the injured women who went at once to the hospital together with the husbands of the other women.

Mrs. Steinhagen was dead before her husband arrived.

Latest reports from the families are that examination and x-ray showed that Mrs. Gode is thought to have a fractured pelvis; Mrs. Henry Yunker, 68, a broken right collar bone; Mrs. Long, a severe chest injury; Mrs. Hentsch, a severe face injury and Mrs. Anna Werner bruised. They will all be confined to the hospital for several days and the most severely injured will be retained longer. Mrs. Yunker was removed to her home the same evening where she is doing as well as is possible.

This a most dangerous corner and stop and go lights should be installed.

Jesus Is King

Lesson for May 1, 1949

IT IS A SIN to tell the truth out of season. So declares a famous Protestant creed. It is not always good nor wise to tell everybody everything you know.

Keeping your mouth shut may be one of the best things you ever do. Jesus himself knew how to keep a secret till time to tell it. He never uttered an untruth about himself, but for a long time he did not openly declare his conviction, in spite of being pestered to say Yes or No about it.

The question was: Are you the Messiah? This was the same as asking, Are you the King? Jesus would not say Yes, because the mere word would be taken to mean "revolutionist" or traitor. But he would not say No, because he was a king; indeed of all men he had the best right to the title.

Royal Entrance

BUT WHEN the time came, Jesus did declare himself king in a spectacular way. We know the story as the "Triumphal Entry into Jerusalem," the story of Palm Sunday, now so fresh in our minds. Jesus lived in a nation of people who were familiar with the meaning of symbols, both in word and action.

When Jesus rode into the ancient capital where his forefathers reigned, astride a mule colt, the people knew, and he knew they would know, that this was not just somebody riding a mule on a Sunday morning. In the history of the Hebrews, mules were the steeds of kings.

King Solomon was crowned riding on a mule. There was a famous prophecy (Zech. 9:9) that when Jerusalem's great king should come, he would be riding on just such a royal steed. So when Jesus rode into Jerusalem, the people threw their palm branches and shouted their welcome, not to the teacher and prophet, but to the King.

Tears in Triumph

IT WAS NOT altogether a victorious occasion. Jesus' knew too well how cheap and easy "demonstrations" can be. In his mind's eye he could see a cross standing outside Jerusalem, and in his inner ear he could hear this same dusty-throated mob, now shouting "Hosanna!", yelling instead "Crucify him!" Tears stood in Jesus' eyes. But they were not tears for himself; he never wasted energy in self-pity. They were tears for that blind city, tears for its coming destruction — the city that did not know the way to peace.

Master of the Temple

BOLDER THAN JESUS' triumphal entry was what he did inside the city. It was one thing to claim royal rights over the nation; but at the temple Jesus' claims reached far higher. It should be remembered that in the eyes of all Jews at that time the Temple was absolutely sacred. It represented the dwelling-place of the invisible God. Now the priests at the time were more profiteers and politicians than priests. They carried on what today we call a "racket" in the sale of animals for sacrifice and in changing the ordinary money of all countries into the local Jewish shekel (in which coin alone could temple offerings be paid).

The racket was notorious; every decent Jew hated the priestly profiteers. But no one had ever done anything about it, for that would mean assuming on authority over the temple that no man dared to assume.

But Jesus took it on himself. His direct and even violent action in smashing the racketeering ring was a mark of something more than ordinary self-confidence. He laid claim to being no less than the Master of God's Temple. He was acting in the name of God and with the authority of God.

Master of Man

WHEN THE CHRISTIAN church calls Jesus "Lord" and "King" today, we are making no claim for him which he did not make for himself. What we mean by these titles is that Jesus Christ, for us and for all men, is the authority above all others.

Mixtures for Good Pastures Recommended

W. B. Nevens, Illinois College of Agriculture dairyman, today recommended three pasture mixtures to provide cows with plenty of good hay, pasture, or silage.

For northern Illinois, alone, 5 to 7 pounds of bromegrass and 10 pounds of alfalfa an acre is a good mixture. This mixture should be planted in the spring, and it will not last too long.

For northern and central Illinois, try this mixture per acre: 1 pound of Ladino clover, 2 pounds each of alfalfa, red clover, sweet

From where I sit ... by Joe Marsh

How We Licked The Parking Problem

For a while it looked like we'd have to put up parking meters. Folks working in town—including some of the store owners—were taking up all of the space along Main Street.

Farmers coming in to shop never found a place to park, and sometimes had to lug stuff a half mile or so. Some started to do their buying in other towns. Finally, store owners and farmers had a get-together—with the result that the empty field near the depot was fixed up for all-day parkers.

Now farmers get their shopping

done comfortably, and the merchants have a better place to park than they had before. Just took a little friendly co-operation to make everybody happy.

From where I sit, most differences can be ironed out by just talking things over—maybe with a cup of coffee or glass of beer—and seeing the other person's side of it. Next time you have a problem or a little difference to settle, why not try just that?
